Founding Board Member Anchorage 2ATF

**Special Interests:**

Hiking, spending time with family, chess, entrepreneurship, speaking up for those who are the most defenseless.

**Position Statement:**

My name is Christopher Kurka and I am running to represent District 7 in the State House. I am deeply concerned about the death of leadership we see in Juneau. I believe it is time for new blood, fresh ideas, and bold action and believe I can offer those things to the people of my Wasilla.

I believe that life begins at conception and that it is the government's job to protect every innocent human life. This would be a priority for me in Juneau. I also believe in parental rights, the nuclear family unit, and school choice.

My view of the binding caucus is that it should be made illegal. It is time for the legislators to be able to vote according to the interests of their constituents and not to be held hostage to a vote demanded by legislative leadership.

Our State spending is the highest per capita in the nation. It is time that we bring our budget back to a balanced state which will require cuts, but never use of the PFD. I support the full, statutory PFD as well as a payback to the people of what was taken over the last several years.

Crime is rampant in Alaska and I want to explore and pursue criminal justice reform with a focus on restitution for victims.

Other issues of importance would be opening up more of Alaska's land for private ownership and protecting and championing our 2nd amendment rights.
