**Other:**
I am Tom McKay, and I’m running to represent you in the Alaska Legislature. I first arrived in Alaska in 1980 as a Petroleum Engineer, and over the last 40 years, I have worked for various oil companies in Alaska, including ARCO Alaska, ConocoPhillips, and BlueCrest Energy. I plan to contribute to the growth of our state as a member of the Alaska Legislature.

**Position Statement:**
Through my work on the oil fields, I know both ends of the resource development industry and understand what it will take for resource development to flourish, to continue to provide jobs and revenue for the state, and to maintain a high standard of living for Alaskans. Simply stated, I believe that we cannot thrive as a state unless we put the politics aside and focus on the economics of energy production.

We must let our resources lead the way forward, live within our means, and tackle fiscal irresponsibility. I am and will always be a committed Republican, dedicated to the principles that have worked so well for our state and nation. I won’t trade those principles for a bigger chair in Juneau. My values and principles will never be for sale.

We need to get back to the fundamentals that made America and Alaska great. I humbly ask you to join me in this campaign so we can make significant positive change in Alaska, together. I would appreciate your vote in the coming election.
