Position Statement:
It has been an incredible honor to represent you for the last 10 years. It has been a time filled with lots of changes and challenges. The greatest challenges though are ahead of us. We need to make sure that we have positioned ourselves in a place of stability and strength to ensure we can emerge from this pandemic and budgetary challenge stronger than we were before. That is why we need a steady hand with experience to help guide us through this tough time.

As your Representative, I have fought those that want to spend your money and allow criminals to get a free pass. I fought SB 91 from the beginning and last year we repealed it with the help of those that had enough of the soft and crime legislation.

When it comes to your money, I have and will continue to fight for an effective spending cap. We must have this in place to ensure that politicians cannot continue to grow government and spend your money with no controls. To protect your PFD and wallet, Legislators and politicians need rules, hard rules to keep your money safe. We can do it and we need to do it now!

I ask for your support again because together we have done incredible things for East Anchorage and I truly believe the best is yet to come. On November 3, I ask for Your VOTE!
