Position Statement:
It is an honor to represent you. My goal is to restore faith in government by ensuring there is a fair process and community efforts succeed.

Your continued trust and faith in me have enabled me to bring people together to serve in the House Majority Coalition of Alaska Republicans, Independents, and Democrats. We put aside party politics and joined together to do what is best for Alaska by protecting jobs and building the economy.

We started last session faced with a pandemic that continues to threaten our physical health and the health of our economy. We finished session in record time which demonstrates when we work together, we can get things done. There is still more work to do.

Keeping Alaskans safe is my top priority. Unfortunately, many of us have been victims of the recent increase in crime. Like many of you, my family has had vehicles stolen and items taken from our property. Alaskans have a right to be healthy and feel safe in their neighborhoods and in their community.

I introduced bills and amendments to protect the Permanent Fund Dividend and give Alaskans a vote to constitutionalize the Dividend for our future children.
Alaska is blessed with talented people and incredible natural resources and together, we can make Alaska a place where ideas and innovations flourish, education is of the highest quality, the economy thrives, and jobs are rewarding.

I want to continue working for you and I ask for your vote. Please vote Chris Tuck.
