STEWARDSHIP FOR ALASKA, BY ALASKA

Fifty years ago, Alaskans chose to save a portion of the state's resource wealth and invest it for future generations. That vote created the Alaska Permanent Fund.

THE 1976 VOTE
75,588 YES | **38,518** NO
Generations of Value

ALASKA CONSTITUTION ARTICLE IX, SECTION 15

Alaska Permanent Fund

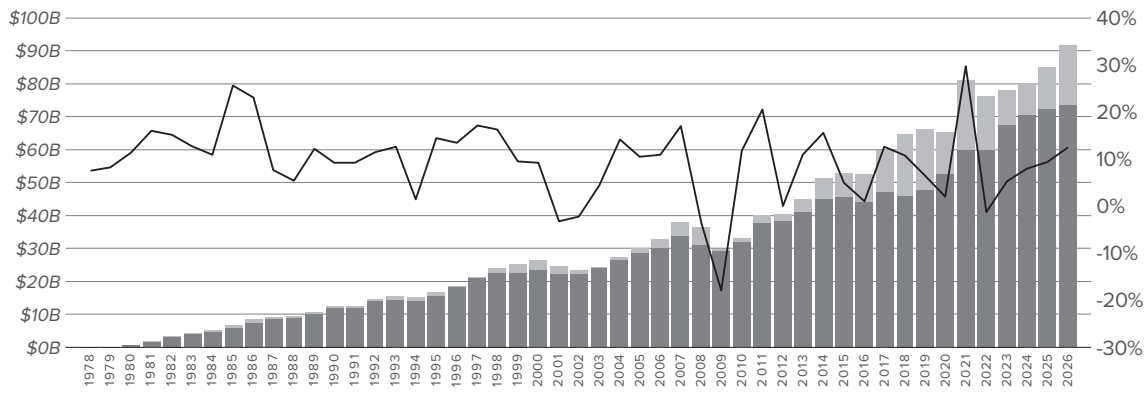

At least twenty-five percent of all mineral lease rentals, royalties, royalty sale proceeds, federal mineral revenue sharing payments and bonuses received by the State shall be placed in a permanent fund, the principal of which shall be used only for those income-producing investments specifically designated by law as eligible for permanent fund investments. All income from the permanent fund shall be deposited in the general fund unless otherwise provided by law.

ALASKANS CAN TAKE PRIDE IN WHAT THEY BUILT

The Alaska Permanent Fund was created to convert a portion of Alaska's finite resource wealth into a lasting financial resource for generations of Alaskans. The initial royalty deposit of $734,000 has grown into a public asset valued at $91.9 billion as of June 30, 2026. The Fund supports dividends, public services, and Alaska's long-term financial future.

BUILT FROM ALASKA'S RESOURCES. INVESTED FOR ALASKA'S FUTURE.

For 50 years, the Fund has fulfilled a simple but powerful purpose: saving, investing, and growing Alaska's resource wealth for the benefit of current and future generations.

$59.4B | **Resource revenues from oil, gas, and mining $20.8B, along with inflation proofing and other appropriations $38.6B from the Legislature,** are deposited into the constitutionally protected Principal and invested in a globally diversified portfolio designed to generate long-term returns.

$14.6B | **Realized investment earnings** are deposited into the Earnings Reserve Account, from which they can be legislatively appropriated to provide inflation protection for the Principal and to support the annual Percent of Market Value (POMV) draw. In FY26, the POMV draw of $3.8B accounted for nearly 60% of Alaska's unrestricted general fund revenue, more than twice the share from oil and gas.

$17.9B | **Unrealized appreciation** in the Principal $14.4B and Earnings Reserve Account $3.5B reflects changes in asset value.

INVESTED GLOBALLY. MANAGED FOR GENERATIONS.

The Alaska Permanent Fund is managed as a globally diversified investment portfolio, invested across eight asset classes in public and private markets and designed to maximize long-term, risk-adjusted returns for current and future generations of Alaskans.

Over the past 50 years, the Fund has evolved with global investment markets, broadening its investment opportunities, strengthening resilience, and improving its ability to preserve and grow Alaska's resource wealth over time.

Through disciplined stewardship and professional investment management, APFC helps convert a portion of Alaska's finite natural resource wealth into lasting financial value for generations.

INVESTMENT EARNINGS AT WORK FOR ALASKA

Supporting Today and Strengthening Tomorrow

TOTAL RETURN
Since Inception
$119,861,000,000

PAID TO CURRENT GENERATIONS
42.9% | $51.4B

FOR FUTURE GENERATIONS
57.1% | $68.4B

Over 50 years, $20.8 billion in resource revenue deposits from oil, gas and mining have been transformed through disciplined investing into $119.8 billion in cumulative investment earnings. This demonstrates that the Fund's value has been driven primarily by investment growth—not deposits alone. Since inception, 42.9% of those earnings have benefited current generations through dividends and public services. The remaining 57.1% has stayed invested or been appropriated to the Principal for inflation protection, helping preserve and grow the Fund for future generations of Alaskans.

The choice Alaskans made in 1976 created lasting value that continues to pay dividends for Alaskans and support public services today. In its first 50 years, the Fund has:

- Transformed a portion of Alaska's oil wealth into a permanent financial asset to strengthen Alaska's financial future.
- Grown from its first deposits to more than $91.9 billion through disciplined, long-term stewardship.
- Replaced traditional oil and gas revenues as Alaska's primary source of undesignated general fund revenue through annual draws from the Fund.
- Benefited Alaskans today while preserving value for tomorrow.

APFC

INVESTING FOR ALASKA

Built from Alaska's natural resources and guided by a generational perspective, the Alaska Permanent Fund is invested to benefit Alaskans today and into the future.
