STATEMENT:
Today, too many Alaskans feel abandoned by their government.

Families are getting crushed by rising costs. Crime is too high in our communities. Schools are failing our children. Businesses are fighting through red tape and high energy prices while young Alaskans leave the state looking for opportunity somewhere else. Government grows larger every year while delivering less.

As Governor, I will change course and put Alaska back on offense.

I will unleash aggressive resource development, expand access to land and housing, lower energy costs, build infrastructure, and create an economy where workers, tradesmen, miners, fishermen, small businesses, and families thrive again.

I will cut bureaucracy, restore accountability, back law enforcement, defend constitutional rights, strengthen election integrity, and rebuild trust in government. Alaska needs leadership that makes decisions, solves problems, and delivers results instead of excuses.

As a retired Air Force Lieutenant Colonel, commercial pilot, and former Mayor of Anchorage, I have spent my life leading in high pressure environments where failure carries real consequences. I understand responsibility, mission focus, and getting the job done.

Alaska's best days are ahead of us, but they will not happen by accident. We will build them. We will grow this state again, restore opportunity, and create a stronger future for the next generation.

STATEMENT:
Alaska is heading in the wrong direction, and weak leadership is failing the people who built this state.
Families are being crushed by rising costs. Crime is out of control in too many communities. Schools are failing our children. Young Alaskans are leaving because they no longer believe they can afford to build a future here. Meanwhile, government keeps growing while delivering less.
I am not willing to accept decline for Alaska.
I believe Alaska's best days are still ahead, but only if we fight for them. As Lieutenant Governor, I will push aggressively to develop our resources, expand access to land and housing, strengthen infrastructure, lower energy costs, and support the workers, fishermen, tradesmen, miners, small businesses, and families who built this state.
As Lieutenant Governor, I will fight to strengthen election integrity, improve accountability, and ensure Alaska's elections are transparent, secure, timely, and trusted by the public. I will work closely with the Governor to advance policies that create jobs, restore economic growth, defend constitutional rights, and expand opportunities across Alaska.
As a Marine Corps Special Operations veteran, businessman, investor, and investment adviser, I understand leadership under pressure, accountability, and long-term planning. I have worked construction projects across Alaska, invested in Alaska businesses and real estate, and helped families prepare for their futures.
Alaska can grow again, build again, and lead again.

STATEMENT:
Nick Begich went to Washington to fight for Alaska, not to become part of the failed system. In Congress, Nick is focused on unlocking Alaska's resources, lowering costs for working families, creating Alaska jobs, protecting our communities, and making sure Alaskans have the freedom to chart our own course.

In his first term in Congress, Nick Begich helped pass major tax relief for working Alaskans, including no taxes on tips, no taxes on overtime, historic tax relief for seniors, and permanent relief for small businesses.

Nick also helped secure the most significant federal resource wins for Alaska in a generation. Through the Working Families Tax Cuts Act, Congress reopened major opportunities for responsible energy development in the National Petroleum Reserve-Alaska, Coastal Plains, Cook Inlet, and other resource areas critical to Alaska's future.

Nick also secured a stronger long-term deal for Alaska by increasing the state's share of certain federal resource revenues from 50 percent to 70 percent. This means more of Alaska's resource wealth stays with Alaskans, helping support PFDs, classrooms, roads, public safety, and essential services across the state.

As a businessman, Nick does not believe Alaskans should have to ask D.C. bureaucrats for permission to use the resources beneath our feet. His next fights are clear: advance the Alaska gasline, end the regulatory chokehold for good, and build a generation of high-paying jobs that keeps our kids and grandkids home.

STEWARDSHIP FOR ALASKA, BY ALASKA

Fifty years ago, Alaskans chose to save a portion of the state's resource wealth and invest it for future generations. That vote created the Alaska Permanent Fund.

THE 1976 VOTE
75,588 YES | **38,518** NO
Generations of Value

ALASKA CONSTITUTION ARTICLE IX, SECTION 15

Alaska Permanent Fund

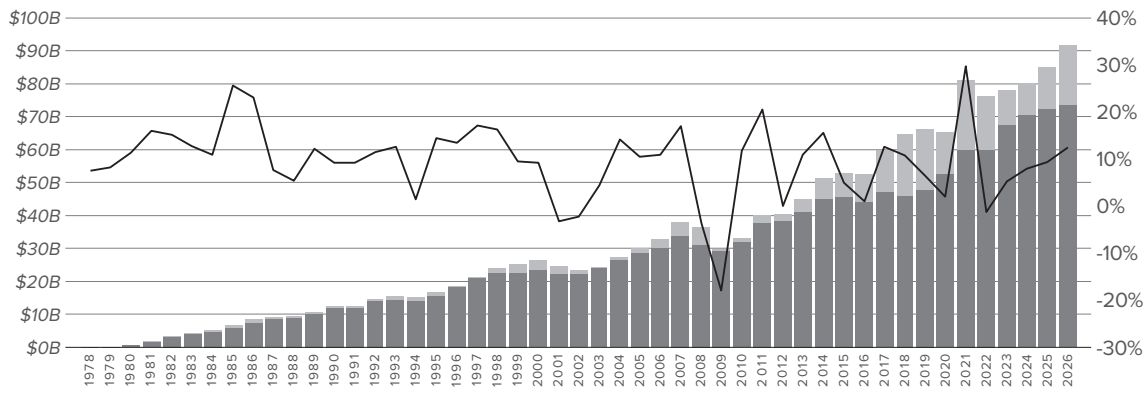

At least twenty-five percent of all mineral lease rentals, royalties, royalty sale proceeds, federal mineral revenue sharing payments and bonuses received by the State shall be placed in a permanent fund, the principal of which shall be used only for those income-producing investments specifically designated by law as eligible for permanent fund investments. All income from the permanent fund shall be deposited in the general fund unless otherwise provided by law.

ALASKANS CAN TAKE PRIDE IN WHAT THEY BUILT

The Alaska Permanent Fund was created to convert a portion of Alaska's finite resource wealth into a lasting financial resource for generations of Alaskans. The initial royalty deposit of $734,000 has grown into a public asset valued at $91.9 billion as of June 30, 2026. The Fund supports dividends, public services, and Alaska's long-term financial future.

BUILT FROM ALASKA'S RESOURCES. INVESTED FOR ALASKA'S FUTURE.

For 50 years, the Fund has fulfilled a simple but powerful purpose: saving, investing, and growing Alaska's resource wealth for the benefit of current and future generations.

$59.4B | **Resource revenues from oil, gas, and mining $20.8B, along with inflation proofing and other appropriations $38.6B from the Legislature,** are deposited into the constitutionally protected Principal and invested in a globally diversified portfolio designed to generate long-term returns.

$14.6B | **Realized investment earnings** are deposited into the Earnings Reserve Account, from which they can be legislatively appropriated to provide inflation protection for the Principal and to support the annual Percent of Market Value (POMV) draw. In FY26, the POMV draw of $3.8B accounted for nearly 60% of Alaska's unrestricted general fund revenue, more than twice the share from oil and gas.

$17.9B | **Unrealized appreciation** in the Principal $14.4B and Earnings Reserve Account $3.5B reflects changes in asset value.

INVESTED GLOBALLY. MANAGED FOR GENERATIONS.

The Alaska Permanent Fund is managed as a globally diversified investment portfolio, invested across eight asset classes in public and private markets and designed to maximize long-term, risk-adjusted returns for current and future generations of Alaskans.

Over the past 50 years, the Fund has evolved with global investment markets, broadening its investment opportunities, strengthening resilience, and improving its ability to preserve and grow Alaska's resource wealth over time.

Through disciplined stewardship and professional investment management, APFC helps convert a portion of Alaska's finite natural resource wealth into lasting financial value for generations.

INVESTMENT EARNINGS AT WORK FOR ALASKA

Supporting Today and Strengthening Tomorrow

TOTAL RETURN

$119,861,000,000

PAID TO CURRENT GENERATIONS
42.9% | $51.4B

FOR FUTURE GENERATIONS
57.1% | $68.4B

Over 50 years, $20.8 billion in resource revenue deposits from oil, gas and mining have been transformed through disciplined investing into $119.8 billion in cumulative investment earnings. This demonstrates that the Fund's value has been driven primarily by investment growth—not deposits alone. Since inception, 42.9% of those earnings have benefited current generations through dividends and public services. The remaining 57.1% has stayed invested or been appropriated to the Principal for inflation protection, helping preserve and grow the Fund for future generations of Alaskans.

The choice Alaskans made in 1976 created lasting value that continues to pay dividends for Alaskans and support public services today. In its first 50 years, the Fund has:

- Transformed a portion of Alaska's oil wealth into a permanent financial asset to strengthen Alaska's financial future.
- Grown from its first deposits to more than $91.9 billion through disciplined, long-term stewardship.
- Replaced traditional oil and gas revenues as Alaska's primary source of undesignated general fund revenue through annual draws from the Fund.
- Benefited Alaskans today while preserving value for tomorrow.

APFC

INVESTING FOR ALASKA
