| <p>This act would get rid of open primary elections, where all candidates appear on one ballot. It would also get rid of ranked-choice general elections. It would bring back political party primaries and single-choice general elections. It would also repeal certain campaign finance rules that were added by a 2020 ballot measure.</p> <p>Elections would occur as they did before open primaries and ranked choice voting. In the primary election, voters would choose a party's ballot, unless prohibited by the party's bylaws. They would only vote for candidates on that ballot. The winning candidate from each primary would be the party's nominee. In the general election, voters would vote for only one candidate in each race. The candidate with the most votes would win. Party petitions, special runoff elections, and other processes would return. Candidates for governor and lieutenant governor would run separately in political party primaries and then together in the general election.</p> <p>This act would also repeal campaign finance rules that were passed in 2020. It would remove the limits on donations to joint campaigns for governor and lieutenant governor. It would remove limits and disclosure rules under current law, including for digital ads, out-of-state donations, undisclosed donations, and the true source of donations. It would change the meaning of a campaign expenditure and remove some fines.</p> <p>Should this initiative become law?</p> <div>YES <input type="radio"/>   NO <input type="radio"/></div> | Judge Welch                                                                                                                                                                                                                                                               |
